

2020 Subject Index

Absolute and relative reflectivity.....	283	Contrast sensitivity.....	151
Acute macular neuroretinopathy.....	123, 193	Cornea.....	20, 71
Age-related macular degeneration.....	6	Corneal edema.....	115
Agreement.....	264	Corneal topography.....	20
Albinism.....	321	Craniopharyngioma.....	317
Alcohol-assisted photorefractive keratectomy.....	127	Cyclopentolate.....	20
Amblyopia.....	317	Cystoid macular edema.....	252
Anemia.....	381	Cytomegalovirus.....	304
Angiography.....	264	Deep learning.....	37
Anterior chamber.....	20	Dermatochalasis.....	151
Anti-vascular endothelial growth factor.....	110, 275	Dexamethasone implant.....	115
Anti-VEGF treatment.....	163	Diabetic macular edema.....	163
Artificial intelligence.....	37, 392, 393	Diagnosis.....	293
Asphericity.....	127	Dry eye disease.....	133, 390
Attention-deficit and hyperactivity disorder.....	15	Ellipsoid zone reflectivity.....	283
Autofluorescence.....	6	Epiretinal membrane.....	53
Autosomal recessive inheritance.....	245	Esotropia.....	143
BAC.....	75	Estrogen receptor.....	216
Bacterial keratitis.....	258	Eye.....	53
<i>Bartonella henselae</i> neuroretinitis.....	371	Eyelash ptosis.....	356
Behçet's uveitis.....	169	Eyelid laxity.....	356
Bevacizumab.....	187	Floppy eyelid.....	356
Bilateral disc swelling.....	371	Fortified antibiotics.....	258
Biologics.....	169	Fovea plana.....	190
Birth weight.....	351	Foveal avascular zone.....	228
Blepharoplasty.....	151	Foveal hypoplasia.....	321
Blindness.....	288	Fungal keratitis.....	107
Body position.....	271	Fungi.....	332
BRAF.....	50	Fusarium.....	332
Brinzolamide.....	44	Fusional vergence.....	15
Cataract.....	94, 133, 288	Ganglion cell complex.....	26
Cataract surgery.....	390	Ganglion cell layer.....	211
Child.....	271	Gene.....	216
Chorioretinitis.....	248	Genetics.....	143
Choroidal thickness.....	221	Gestational age.....	351
<i>Chrysomya bezziana</i>	381	Glaucoma.....	26, 264
Class 3 variant of uncertain significance (c755A>G [PLys252Arg]).....	245	GQL-15.....	75
Coherence.....	264	Graft rejection.....	304
Collagen cross-linking.....	200	Graft survival.....	323
Colon cancer.....	377	Granular corneal dystrophy type 1.....	64
Complete blood count.....	87	Graves' ophthalmopathy.....	221
Congenital cataract.....	245	Green disease.....	99
Conjunctiva.....	53	Hemianopsia.....	317
Conjunctival melanoma.....	293, 362	High order aberration.....	151
Consanguineous marriage.....	252	Higher-order aberration.....	127
Contact lenses.....	234	Hybrid lenses.....	234
		Imaging.....	169

2020 Subject Index

<i>In vivo</i> confocal microscopy.....	107, 183	Ophthalmia nodosa	107
Indocyanine green angiography.....	248	Ophthalmology	37, 392, 393
Infectious keratitis	323	Ophthalmomyiasis.....	381
Inferior oblique muscle overaction.....	82	Optic coherence tomography.....	228
Inheritance.....	143	Optic disc hypoplasia	190
Intracameral bevacizumab	110	Optical.....	264
Intraocular inflammation.....	110	Optical coherence tomography	1, 26, 99, 123, 163, 193, 221, 252, 313, 321
Intraocular pressure	211, 271	Optical coherence tomography angiography	123, 248, 313, 321
Inverse retinitis pigmentosa.....	110	Orbital myiasis	381
Iodine.....	255	OSDI	75
Iris pigment epithelial cyst.....	31	Paracentral acute middle maculopathy	193
Iris stromal cyst	31	Paraneoplastic syndrome.....	377
Ischemia.....	123	Pars plana vitrectomy	115
Joint hypermobility	71	Penetrating keratoplasty	206, 304
Keratitis.....	107, 206, 332	Penetrating keratoplasty	323
Keratoconus	20, 200, 234, 339	Periorbital tissue.....	356
Keratometry	151	Peripheral abnormalities	6
LASIK.....	211	Phacoemulsification.....	115, 133,308
Leber's hereditary optic neuropathy.....	313	Piggyback lenses.....	234
Lymphoma.....	53	Pine processionary caterpillar	107
Machine learning.....	37, 392, 393	Platelet.....	351
Macular atrophy.....	252	POEMS syndrome	371
Macular cystoid lesion	44	Polymorphism	216
Macular hole	283	Posterior capsular opacification.....	1
Malignancy	377	Posterior microphthalmos.....	44
Management.....	362	Posterior vitreous detachment	53
Marginal zone	53	Primary open-angle glaucoma	75
Medical ethics.....	37, 392, 393	PRK	127
Melanoma	50	Prognosis	169, 293, 221
Microbial keratitis	206	Prognosis	362
Mini-scleral lens	339	Pseudoptosis	151
Morquio syndrome	183	Purtscher retinopathy	123
Mucopolysaccharidoses	183	R555W mutation.....	64
Multimodal imaging	190	Radiation retinopathy.....	156
Myopia.....	387	Red disease	99
Neovascular age-related macular degeneration.....	275	Retina	228
Neovascular glaucoma	110	Retinal atrophy.....	387
Nidek RS-3000 Advance	228	Retinal nerve fiber	211
Obstructive sleep apnea syndrome.....	356	Retinal nerve fiber layer	313
OCT	211	Retinopathy.....	255
OCT anatomic variations.....	99	Retinopathy of prematurity.....	87, 351
OCT artifacts.....	99	Retinoschisis.....	44
Ocular adnexal lymphoma.....	53	Rhegmatogenous retinal detachment	94
Ocular disease	216	Rigid gas-permeable lenses.....	234
Ocular response analyzer.....	71	Risk factors.....	351
Ocular Surface Disease Index.....	133		
Ocular tonometry	271		

2020 Subject Index

Risk prediction.....	87	Toxoplasmosis.....	248
Sarcoidosis.....	50	Transepithelial photorefractive keratectomy.....	127
Scheie syndrome.....	183	Trauma.....	288
Schirmer's test.....	133	Travoprost.....	75
Scleral lenses.....	234	Treatment.....	169
Scleritis.....	377	Treatment response.....	275
Seasonal.....	94	Trypan blue.....	308
Signal strength.....	1	Type II neovascularization.....	187
Situs inversus of the optic disc.....	190	UBM.....	31
Soft lenses.....	234	Ultrawide-field imaging.....	6
Somalia.....	288	Unilateral retinal pigment epithelium dysgenesis.....	187
Spectral Domain optical coherence tomography.....	53	Uveal melanoma.....	156
SS-OCT.....	31	Uveitis.....	50
SS-OCTA.....	31	Vemurafenib.....	50
Standard Dresden protocol.....	200	Vessel density.....	228
Stereoacuity.....	15	Viral endotheliitis.....	304
Stereotactic radiosurgery.....	156	Visual acuity.....	1
Stickler syndrome.....	387	Visual performance.....	339
Strabismus.....	143	Vitreotomy.....	283
Surgery.....	94	Vitreou.....	308
Surgical results.....	82	White dot syndrome.....	248
<i>TGFBI</i> gene.....	64	World Health Organization.....	288
Tilted optic disc.....	190	X-linked retinoschisis.....	252
Topical treatment.....	258	Z-myotomy.....	82
Toxic.....	255
