Dear Doctor,
In accordance with the paragraph 7 of the Ministry of Health's Promotional Code and its extension, the rules of IES Promotional Principles, pharmaceutical companies may not invite or sponsor persons not active in health fields. Sponsoring such persons will result in heavy legal sanctions. Therefore, we kindly request for you not to bring along your spouse and/or children. We thank you in advance for your sensitivity and support in protecting the high standards of the health industry. This invitation is for one person.
