This study was conducted as a part of a master thesis [Gizem ÖZATKAN, “Kızılcahamam İlçesi Halk İlaçları”, Gazi University Institute of Health Sciences, Ankara, 2009] and was orally presented at the “100. yılında Yabanabad'dan Kızılcahamam'a sempozyumu” under the topic of “Kızılcahamam ve Çamlıdere’de Halkın Geleneksel Şifa Kaynaklarının Karşılaştırılması”, 2015, Ankara, Turkey.

#### **Abstract**

**Objectives:** Kızılcahamam folk medicines have not been investigated in detail so far. For this reason, a comprehensive investigation of folk medicine of Kızılcahamam district was aimed at this study.
