

## 2021 SUBJECT INDEX

'Dip and plateau pattern' or 'square root sign' .....	213	Isolated systolic hypertension .....	39
Acute coronary syndrome .....	122	Krill oil .....	150
Acute myocardial infarction .....	207	Left atrial diameter .....	185
Ambulation .....	193	Left atrial functions .....	113
Antioxidants .....	150	Left atrial volume .....	113
Aspirin .....	94	Limb-salvage .....	70
Atherosclerosis .....	150, 158	Lipoma .....	1
Atrial fibrillation .....	19, 143, 185	Low molecular weight heparin .....	130
Atrial high-rate episodes (AHRE) .....	49	Malnutrition .....	122
Autonomic nervous system .....	49	Medical treatment .....	130
Balloon angioplasty .....	61	Microalbuminuria .....	39
Benign heart tumors .....	1	Mortality .....	122, 169
Cardiac disease .....	39	Myocardial blush grade .....	105
Cardiac ischemia .....	19	Myocarditis .....	207
Cardiac output .....	19	NT-proBNP .....	185
Cardiac resynchronization therapy .....	9	Off-pump coronary artery bypass .....	19
Cardiology .....	169	Omega-3 .....	150
Cardiometabolic disorders .....	76	P-wave dispersion .....	143
Carotid artery stenosis .....	179	Patch closure .....	179
Carotid artery stenting .....	200	PATIMA index .....	53
Carotid endarterectomy .....	179	Patient characteristic .....	136
Carotid extra-media thickness .....	53	Pediatrics .....	61
Carotid intima-media thickness .....	53	Percutaneous coronary intervention .....	94
Central venous catheter .....	130	Peripartum cardiomyopathy .....	213
Cervical plexus block .....	185	peripheral arterial disease .....	193
Clopidogrel .....	94	Postoperative restenosis .....	185
Coarctation of the aorta .....	61	Primary longitudinal arteriotomy closure .....	179
Collateral vessel .....	27	Prognosis .....	9
Coronary artery calcium score .....	158	Pulse pressure .....	39
Coronary artery disease .....	27, 53, 76, 158	QTc interval .....	105
Coronary artery disease risk factor .....	27	Resistance .....	94
Coronary slow flow .....	113	Resistant hypertension .....	185
COVID-19 .....	143, 169	Restrictive cardiomyopathy .....	213
COVID-19 pandemic .....	83	Rhabdomyosarcoma .....	70
Deep vein thrombosis .....	130	Soft tissue sarcoma .....	70
Diastolic hypertension .....	39	ST-elevation myocardial infarction (STEMI) .....	122
Digital health .....	83	ST-segment elevation myocardial infarction .....	105
Dual protection .....	200	ST-segment resolution .....	105
ECG .....	169	Stent .....	61
Echocardiography .....	113, 207	Stroke .....	200
Electrocardiogram .....	169	Subclavian artery disease .....	136
Electrocardiography .....	143	Surgery .....	61
Endovascular treatment .....	136	Surgical treatment .....	1
Experimental model .....	150	SYNTAX score .....	53
Gender .....	169	Telemedicine .....	83
Healthcare .....	83	Thyroiditis .....	207
Heart failure .....	9	Total serum protein (TSP) .....	122
Heart rhythm .....	185	Triglyceride glucose index .....	76
Hemostasis .....	193	Upper extremity .....	130
HRV .....	49	Vascular closure device .....	192, 193
Hypertension .....	39	Vessel-sparing surgery .....	70
Insulin resistance .....	76	Visceral fat .....	27
Ischemia modified albumin .....	19	Vitamin D .....	158
